Weekly Progress Report			
Topic:	**Chatbot – Final Project**	**Week No.**	**14**
Course Code:	**CSST101, CSST102**	**Term:**	1st Semester
Course Title:	**Advance Representation and Reasoning** **Basic Machine Learning**	**Academic Year:**	2024-2025

Main Tasks Assigned:

Optimize model based on Week 3 results
Improve data augmentation and preprocessing techniques
Continue model training and monitor validation performance

Work Completed:
 Finalize our code for the chatbot

Challenges Encountered:
 Try and error

Solutions Implemented:
 Continue learning codes for python

Tasks for Next Week:
 Frontend and design
